**LETTER WITH PROPOSED DRAWING CORRECTIONS**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

In response to the Examiner's rejection to claims 8, 9, and 17 under 35 U.S.C. § 112 in the Office Action dated March 3, 2003, Applicants propose amending Fig. 5 and Fig. 4 to overcome the rejection. Specifically, it is proposed that Fig. 5 be amended by extending a lead line for element 10 to extend within the insert 15 so that element 15 and element 10 are clearly and accurately identified. Similarly, Fig. 4 is also proposed to be amended by properly pointing the lead line at element 30 because at present, the lead line appears to extend within element 10.

No new matter has been introduced by the proposed drawing corrections. Examiner's approval of the proposed corrections is respectfully requested.

Respectfully submitted,  
MORGAN & FINNEGAN, L.L.P.
